REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <i>GOVERNMENT AUDITING STANDARDS</i>	21

Report of Independent Certified Public Accountants

Board of Regents
Oklahoma Agricultural and Mechanical Colleges

We have audited the accompanying statements of net assets of the Oklahoma State University Center for Innovation and Economic Development, Inc. (“CIED”) as of June 30, 2006 and 2005, and the related statements of revenues, expenses and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of CIED’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CIED’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Oklahoma State University Center for Innovation and Economic Development, Inc. as of June 30, 2006 and 2005, and the changes in its net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report, dated October 11, 2006 on our consideration of CIED’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

CIED has not presented Management’s Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006 and 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: The Oklahoma State University Center for Innovation and Economic Development, Inc. ("CIED") is a nonprofit corporation founded in 1967, established to engage in research, extension and academic contractual arrangements for the benefit and advancement of Oklahoma State University (the "University"). CIED receives and administers funds from Federal and state organizations and from private sources for the purpose of carrying out the educational, research and economic development programs of the University.

Reporting Entity: The financial reporting entity, as defined by Governmental Accounting Standards Board ("GASB") Statement No. 14, *The Financial Reporting Entity* and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of Oklahoma State University Center for Innovation and Economic Development, Inc. ("OSU CIED"), as the primary government, and the accounts of OSU-Enterprise Center, LLC ("OSU EC"), collectively referred to as "CIED". OSU EC is an Oklahoma not-for-profit corporation which was formed on June 12, 2006 exclusively to support the activities, affairs and programs of OSU CIED. Accordingly, OSU EC has been reported as a blended component unit in the financial statements.

CIED is governed by a board of directors comprised primarily of management of the University. In addition, University employees and facilities are used for virtually all activities of CIED. Accordingly, CIED is a component unit of the University and is included in the financial statements of the University.

Financial Statement Presentation: CIED is an integral component unit of the University and, as such, the financial activity of CIED is combined with other University activity and reported in the University's financial statements. Therefore, the financial statements of CIED have been presented consistent with the University's financial statements rather than in accordance with the provisions of the Financial Accounting Standards Board's ("FASB") Statement No. 117, *Financial Statements of Not-for-Profit Organizations*.

As a component unit of the State of Oklahoma, the University (which includes CIED) presents its financial statements in accordance with requirements of GASB issued Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The financial statement presentation required by GASB No. 34 and No. 35 provides a comprehensive, entity-wide perspective of CIED's assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows.

Basis of Accounting: For financial reporting purposes, CIED is considered a special-purpose government entity engaged only in business-type activities. Accordingly, CIED's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Accounting – Continued: As a component unit of the University, CIED has the option to apply all FASB pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. CIED has elected to not apply FASB pronouncements issued after the applicable date.

Cash Equivalents: CIED considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments: CIED accounts for its investments at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statements of revenues, expenses and changes in net assets.

Accounts Receivable: Accounts receivable consist of amounts due from the Federal government, state and local governments or private sources in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable also include travel advances. Accounts receivable are recorded net of estimated uncollectible amounts.

Capital Assets: Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, CIED's capitalization policy includes all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings and five to seven years for equipment.

Costs incurred during construction of long-lived assets are recorded as construction in progress and are not depreciated until placed in service. CIED capitalizes interest as a component of capital assets constructed for its own use. In 2006 and 2005, total interest incurred was \$114,893 and \$84,647, respectively, none of which was capitalized.

Deferred Revenues: Deferred revenues include amounts received for certain auxiliary and endowment activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences: The liability and expense incurred for employee vacation pay are recorded as accrued compensated absences in the statements of net assets, and as a component of compensation and benefit expense in the statements of revenues, expenses and changes in net assets.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Noncurrent Liabilities: Noncurrent liabilities include (1) principal amounts of notes payable with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year; and (3) other liabilities that, although payable within one year, are to be paid from funds that are classified as noncurrent assets.

Net Assets: CIED's net assets are classified as follows:

Invested in capital assets, net of related debt: This represents CIED's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net assets - expendable: Restricted expendable net assets include resources in which CIED is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net assets - nonexpendable: Restricted nonexpendable net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net assets: Unrestricted net assets represent resources derived from the recovery of facilities and administrative costs and services of auxiliary operations. These resources are used for transactions relating to the educational and general operations of CIED, and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, CIED's policy is to first apply the expense towards unrestricted resources, and then towards restricted resources.

Income Taxes: CIED is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Classification of Revenues: CIED has classified its revenues as either operating or nonoperating according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as sales and services of auxiliary enterprises and most Federal, state and local grants and contracts.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Classification of Revenues - Continued:

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as investment income.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Reclassifications: Certain reclassifications have been made to the 2005 financial statements to conform with the 2006 presentation.

New Pronouncements: In 2004, GASB issued Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. GASB No. 43 establishes uniform financial reporting standards for OPEB plans and supersedes the interim guidance included in GASB Statement No. 26, *Financial Reporting for Postemployment Healthcare Plans Administered by Defined Benefit Plans*. The approach followed in this Statement generally is consistent with the approach adopted in GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, with modifications to reflect differences between pension plans and OPEB plans. The provisions of this Statement are effective for fiscal periods beginning after December 15, 2005, with earlier application encouraged. Management has not yet determined the impact this Statement will have on CIED's financial condition or results of operations.

In 2004, GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postretirement Benefits Other Than Pensions*. GASB No. 45 establishes standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures and, if applicable, required supplementary information ("RSI") in the financial reports of state and local governmental employers. The provisions of the Statement are effective for fiscal periods beginning after December 15, 2006, with earlier application encouraged. Management has not yet determined the effect this Statement will have on CIED's financial condition or results of operations.

In 2006, GASB issued Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. GASB No. 48 establishes criteria to ascertain whether the proceeds received should be reported as revenue or as a liability when governments exchange an interest in their expected cash flows from collecting specific receivables or specific future revenues for immediate cash payments. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2006. Management has not yet determined the effect this Statement will have on CIED's financial condition or results of operations.

**Oklahoma State University
Center for Innovation and Economic Development, Inc.**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents: At June 30, 2006 and 2005, the carrying amount of CIED's cash and cash equivalents was \$1,304,786 and \$116,882, respectively. These amounts included deposits with financial institutions (\$259,623 and \$115,682) and petty cash and change funds (\$1,200 and \$1,200).

The State Treasurer requires that all state funds are either insured by the Federal Deposit Insurance Corporation ("FDIC"), collateralized by securities held by the cognizant Federal Reserve Bank or invested in U.S. Government obligations. CIED's deposits with the State Treasurer are pooled with funds of other state agencies, and then in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the State's name.

CIED requires that balances on deposit with financial institutions be insured by the FDIC or collateralized by securities held by the cognizant Federal Reserve Bank, in CIED's name.

Investments:

Credit Risk. State law limits investments in obligations of state and local governments to the highest rating from at least one nationally recognized rating agency acceptable to the State Treasurer. Additionally, it is CIED's policy to limit its investments in municipal and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. As of June 30, 2006 and 2005, CIED's investments in municipal and corporate bonds were rated AAA by Standard & Poor's, and Aaa by Moody's Investors Service.

	2006	2005
U.S. Government securities	\$ 576,039	\$ 453,809
U.S. Treasury notes	1,049,298	1,057,582
Money funds	885,340	769,146
Municipal bonds	250,000	250,000
Corporate bonds and notes	507,570	584,424
Equity securities	<u>2,964,489</u>	<u>2,761,657</u>
	<u>\$6,232,736</u>	<u>\$5,876,618</u>

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS - CONTINUED

Investments - Continued:

Interest Rate Risk. CIED's investment policy does not specifically limit the investment portfolio to maturities of less than one year. CIED is responsible for determining the operating cash flow requirements and insure that adequate funds are available to service routine needs. In determining liquidity needs, the appropriate mix of short-term, intermediate and long-term investments will be evaluated. The University's Investment Committee and CIED's Board of Directors are responsible for evaluating investment performance. CIED's investments are categorized by maturity dates to reflect the fair values that are sensitive to changes in interest rates. CIED's investment schedule by maturity date as of June 30, 2006 is as follows:

Maturity year ending June 30	U.S. Government Securities	U.S. Treasury Notes	Municipal Bonds	Corporate Bonds & Notes	Total
2007	\$134,466	\$145,138	\$ -	\$439,365	\$718,969
2008	28,960	119,076	-	48,736	196,772
2009	170,659	249,458	-	19,469	439,586
2010	74,986	120,650	-	-	195,636
2011	53,350	54,173	-	-	107,523
2012-2016	101,281	360,803	-	-	462,084
2017-2021	-	-	-	-	-
2022-2026	-	-	-	-	-
2027-2031	12,337	-	-	-	12,337
2032-2036	-	-	250,000	-	250,000

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 8 - RISK MANAGEMENT

Due to the diverse risk exposure of the University and its constituent agencies including CIED, the insurance portfolio contains a comprehensive variety of coverage. Oklahoma Statutes require participation of all state agencies in basic general liability, tort claim coverage, directors and officers liability and property and casualty programs provided by the State of Oklahoma Department of Central Services Risk Management Division (the "SRMD"). In addition to these basic policies, the University's Department of Risk and Property Management establishes guidelines in risk assessment, risk avoidance, risk acceptance and risk transfer.

The University and individual employees are provided sovereign immunity when performing official business within the scope of their employment under the Oklahoma Tort State Claims Act. For risks not protected by sovereign immunity, it is the internal policy of the University's Risk and Property Management department to accept initial risk in the form of retention or deductibles only to the extent that funds are available from the University's general operations to maintain this risk.

Beyond acceptable retention levels, complete risk transfer is practiced by purchasing conventional insurance coverage directly or through the SRMD. These coverages are outlined as follows:

- The buildings and contents are insured for replacement value. Each loss incident is subject to a \$500,000 deductible.
- General liability and tort claim coverages (including comprehensive general liability, auto liability, personal injury liability, aircraft liability, watercraft liability, leased vehicles and equipment) are purchased by the University from the SRMD. To complement coverage provided by State Statute and to meet specific coverage requirements for special grants and/or contracts, additional coverage is purchased based on specific departmental and institutional needs and risks, but the related risks are not considered material to the University as a whole. Claim settlements have not exceeded insurance coverage in each of the past three fiscal years.

Self-Funded Programs

The University's life insurance program for the University and its constituent agencies including CIED, was self-funded through December 31, 2003. Effective January 1, 2004, life waivers for disabled employees and their dependents was all that remain in the self-funded plan. Reserves were established at the onset of disability to pay the claims. Effective January 1, 2004, the University's life coverage is handled through an insured plan.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 8 - RISK MANAGEMENT - CONTINUED

Self-Funded Programs - Continued

Through June 30, 1999, the University's health care programs were also self-funded. Effective July 1, 1999, the University terminated its self-insurance program, and is now participating in the State of Oklahoma self-insurance program. The University believes that there is no exposure to pay run-off claims for the previous self-insured program at June 30, 2006.

The University's workers' compensation program is self-funded and is administered by a third party. The University maintains a cash deposit with the administrator and reimburses the administrator for claims paid and administrative expenses on a monthly basis. Benefits provided are prescribed by state law and include lump-sum payments for rated disabilities, in addition to medical expenses and a portion of salary loss resulting from a job-related injury or illness. The University records a liability for workers' compensation in its financial statements based on annual actuarial valuations.

The University's unemployment compensation insurance program is also self-funded. Unemployment benefits that separated employees receive are determined by Oklahoma Statutes and are administered by the Oklahoma Employment Security Commission ("OESC"). As a reimbursing employer, the University is billed quarterly by the OESC for benefits paid to former employees. The Board of Regents for the Oklahoma Agricultural and Mechanical Colleges requires that the University maintain a minimum of \$700,000 in reserve to cover claims. This minimum cash balance is considered each year during the rate-setting process.

NOTE 9 - RELATED PARTY TRANSACTIONS

A summary of related party transactions during the years ended June 30, 2006 and 2005, including a description of the relationship and operations are as follows:

Oklahoma State University

Nature of Relationship - CIED engages in research, extension and academic contractual arrangements for the benefit and advancement of the University. CIED receives and administers funds from Federal and state organizations and from private sources for the purpose of carrying out certain education and research programs of the University.

Description of Operations - CIED administers contracts with the National Aeronautics and Space Administration and the U.S. Department of Defense, among others. The University incurs certain overhead related expenditures on behalf of CIED in the administration of the contracts. In return, CIED allocates to the University colleges approximately 40% to 50% of the facilities and administrative costs recovered under these contracts. The amounts allocated during the years ended June 30, 2006 and 2005 totaled \$1,664,197 and \$1,369,806, respectively.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 9 - RELATED PARTY TRANSACTIONS - CONTINUED

CIED allocated an additional \$300,000 and \$400,000 to the University from the recovery of facilities and administrative costs during fiscal years 2006 and 2005, respectively. CIED paid \$50,000 and \$76,951 in expenses during fiscal years 2006 and 2005, respectively, on behalf of the University.

In June 2002, CIED entered into an agreement with the Oklahoma State University Agricultural Experiment Station for purposes of securing financing for the construction of the swine research and teaching complex. The University transferred investments of \$2,500,000 to CIED to be used as collateral for a \$2,000,000 line of credit for which the funds drawn were used for construction costs. In fiscal year 2005, the \$1,500,000 that was advanced on the line of credit was repaid from cash transferred during 2004 from the University. The line of credit was cancelled; therefore, the investments that were used as collateral for the line of credit were transferred back to the University. In addition, construction was completed on the swine facility and the capital asset was transferred to the University. The effect of the transfer of the swine facility and investments to the University was \$2,031,556 for the year ended June 30, 2005 which is reflected as other reductions, net in the Statement of Revenues, Expenses and Change in Net Assets.

CIED has entered into sublease agreements with the University for building space. See additional information at Note 10.

NOTE 10 - COMMITMENTS AND CONTINGENT LIABILITIES

CIED participates in certain Federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes CIED has complied with grant requirements and that disallowances, if any, will not be material.

CIED utilizes certain office space and equipment under operating leases expiring in 2016. Rent expense under operating leases was approximately \$536,000 and \$515,000 for the years ended June 30, 2006 and 2005, respectively.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2006 and 2005

NOTE 10 - COMMITMENTS AND CONTINGENT LIABILITIES – CONTINUED

CIED leases space through three separate leases in a multi-tenant building owned by Oklahoma Technology & Research Park One, LLC (“OTRP One”). CIED leases approximately one half of the building under a ten-year lease agreement, beginning July 1, 2004 and expiring June 30, 2014, with several renewable options available. The lease calls for an annual base rent plus additional amounts as defined in the agreement. The annual rent is subject to adjustment as defined in the agreement. The schedule of future minimum lease payments does not include the effects, if any, of future adjustments. OTRP One secured financing for the building based upon the CIED lease and an additional agreement with CIED that will ensure the facility will have sufficient revenues to pay the debt service (the “Contingent Deficiency Funding Agreement”). Under the Contingent Deficiency Funding Agreement if OTRP One does not receive sufficient revenue to meet the required debt service ratio, CIED will be required to pay any monthly deficiency until OTRP One receives monthly rental payments that are sufficient to maintain the required debt service coverage ratio after expenses. Any payments required under the Contingent Deficiency Funding Agreement are to be reimbursed from future revenue from the multi-tenant building. No deficiency funding was required through June 30, 2006. CIED’s estimated additional maximum exposure under the Contingent Deficiency Funding Agreement is \$1,070,331. This amount has not been included in the following table of future minimum lease payments due to uncertainties relating to OTRP One’s ability to secure additional tenants. Effective January 1, 2006 and July 1, 2006 CIED signed two agreements to lease the remaining space owned by OTRP One for a period of ten years.

Additionally, the University signed agreements with CIED to sublease the entire building space owned by OTRP One. The sublease agreements were for one year, with options to renew for additional years. Sublease rental income for CIED was approximately \$473,000 and \$435,000 for the years ended June 30, 2006 and 2005, respectively. The future minimum sublease rental income amounted to approximately \$772,000 at June 30, 2006.

Future minimum payments under operating leases are as follows at June 30, 2006:

Fiscal year ending June 30	
2007	\$ 917,000
2008	937,000
2009	922,000
2010	907,000
2011	910,000
Thereafter	<u>3,098,000</u>
	<u>\$7,691,000</u>

Oklahoma State University
Center for Innovation and Economic Development, Inc.

**Report of Independent Certified Public Accountants on Internal Control Over
Financial Reporting and on Compliance and Other Matters Based
on an Audit of Financial Statements Performed in Accordance
With *Government Auditing Standards***

Board of Regents
Oklahoma Agricultural and Mechanical Colleges

We have audited the financial statements of the Oklahoma State University Center for Innovation and Economic Development, Inc. ("CIED") as of and for the year ended June 30, 2006 and have issued our report thereon dated October 11, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered CIED's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Accordingly, we express no such opinion. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether CIED's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Regents, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
