Overview of Financial Statements and Financial Analysis

OSU Center for Innovation & Economic Development, Inc. (CIED) proudly presents its financial statements for fiscal year 2013, with comparative data presented for fiscal year 2012. The emphasis of discussions concerning these statements will be for the current year. There are three financial statements presented: the Statements of Net Position; the Statements of Revenues, Expenses, and Changes in Net Position; and, the Statements of Cash Flows. This discussion and analysis of CIED provides an overview of its financial activities for the year.

Statements of Net Position

The Statements of Net Position presents the assets (current and non-current), liabilities (current and non-current), and net position (assets minus liabilities) as of the end of the fiscal year. The purpose of the Statements of Net Position is to present to the readers of the financial statements a fiscal snapshot of CIED. The difference between current and non-current assets is discussed in the footnotes to the financial statements.

From the data presented, readers of the Statements of Net Position are able to determine the assets available to continue the operations of the organization. They are also able to determine how much the organization owes vendors, investors and lending organizations. Finally, the Statements of Net Position provides a picture of the net position (assets minus liabilities) and their availability for expenditure by the organization.

Net positions are divided into three major categories. The first category, invested in capital assets, net of debt, provides the organization's equity in property, plant and equipment owned by the organization. The next category is restricted net assets. Expendable restricted net assets are available for expenditure by the organization, but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net assets. Unrestricted assets are available for any lawful purpose of the organization. The chart on the following page is a summary of the Statement of Net Position over the last three years:

OSU Center for Innovation & Economic Development, Inc. Management's Discussion & Analysis (unaudited)

Statements of Net Position (continued)

	2011	2012	2013
ASSETS			
Total current assets	\$ 10,199,982	\$ 10,839,102	\$ 16,465,321
Capital assets, net of accumulated depreciation	736,178	499,701	480,840
TOTAL ASSETS	10,936,160	11,338,803	16,946,161
 TOTAL LIABILITIES	 2,862,390	 2,676,610	 7,919,606
NET POSITION			
Invested in capital assets, net of debt	736,178	499,701	480,840
Restricted for:			
Expendable			
Scholarships, research, instruction and other	191,181	391,061	644,899
Capital projects	4,932	27,932	4,932
Unrestricted	7,141,479	7,743,499	7,895,884
TOTAL NET POSITION	\$ 8,073,770	\$ 8,662,193	\$ 9,026,555

In fiscal year 2013, total assets of the organization increased by \$5,607,358 or 49.45% over fiscal year 2012. A review of the Statements of Net Position will reveal that there are many offsetting variances, but the increase was primarily due to an increase in receivables of \$4,352,534 and an increase in investments of \$2,939,794. These were offset primarily by a decrease in cash and cash equivalents of \$(1,666,109).

In fiscal year 2012, total assets of CIED increased by \$402,643 or 3.68% over fiscal year 2011. This increase was primarily due to an increase in cash and cash equivalents of \$1,275,570 and a decrease in accounts receivable of \$(634,624) and a decrease in capital assets, net of depreciation of \$(236,477).

In fiscal year 2013 total liabilities for the year increased by \$5,242,996 or 195.88%. The most significant change was an increase in notes payable of \$5,000,000. The combination of the increase in total assets and the increase in total liabilities nets to an increase in total net position of \$364,362 or 4.21%

In fiscal year 2012 total liabilities for the year decreased by \$(185,780) or (6.49)% over fiscal year 2011. The combination of the increase in total assets and the decrease in total liabilities netted to an increase in total net position of \$588,423 or 7.29%

Statements of Revenues, Expenses, and Changes in Net Position

While the 2012-2013 comparisons are important indicators of activity during the year under audit, it is also important to look at some of the operating and non-operating categories over time. One of the important measures of an organization's fiscal stability is how operating revenues compare to operating expense.

OSU Center for Innovation & Economic Development, Inc. Management's Discussion & Analysis (unaudited)

Statements of Revenues, Expenses, and Changes in Net Position (continued)

	2011	2012	2013
Total operating revenues	\$ 19,355,406	\$ 17,205,927	\$ 9,799,451
Total operating expenses	18,878,701	15,841,597	9,508,078
Operating income	476,705	1,364,330	291,373
Non-operating Rev/(Exp)	\$ 15,935	\$ (657,599)	\$ 111,183
Income before other revenues, expenses, gains and losses	492,640	706,731	402,556
Loss on disposal of capital assets	-	(118,308)	(38,194)
Other Additions, Net	98,525	-	-
Net increase in net position	\$ 591,165	\$ 588,423	\$ 364,362

Operating revenues of \$9,799,451 in 2013 decreased \$(7,406,476) or (43.05)% when compared to the 2012 prior year. The decrease came primarily from a decrease in federal grants and contracts revenue of \$(7,405,023).

Operating revenues of \$17,205,927 in 2012 decreased \$(2,149,479) or (11.11)% when compared to the 2011 prior year. The decrease was primarily from a decrease in federal grants and contracts revenue of \$(1,484,391) a decrease in auxiliary revenue of \$(238,681) and a \$(182,942) decrease in nongovernmental grants and contracts.

The following table summarizes the operating revenues of CIED for the last three years:

	2011	2012	2013
Operating revenues			
Federal grants and contracts	\$ 18,428,334	\$ 16,943,943	\$ 9,538,920
State and local grants and contracts	104,021	6,196	42,357
Nongovernmental grants and contracts	230,937	47,995	6,047
Auxiliary revenue	306,308	67,627	63,377
Other operating revenues	285,806	140,166	148,750
Total operating revenues	\$ 19,355,406	\$ 17,205,927	\$ 9,799,451

Operating expenses of \$9,508,078 in 2013 decreased \$(6,333,519) or (39.98)% when compared to the 2012 prior year. The decreases came primarily from decreases in compensation and employee benefits of \$(5,582,028) and decrease in contractual services of \$(783,621).

OSU Center for Innovation & Economic Development, Inc. Management's Discussion & Analysis (unaudited)

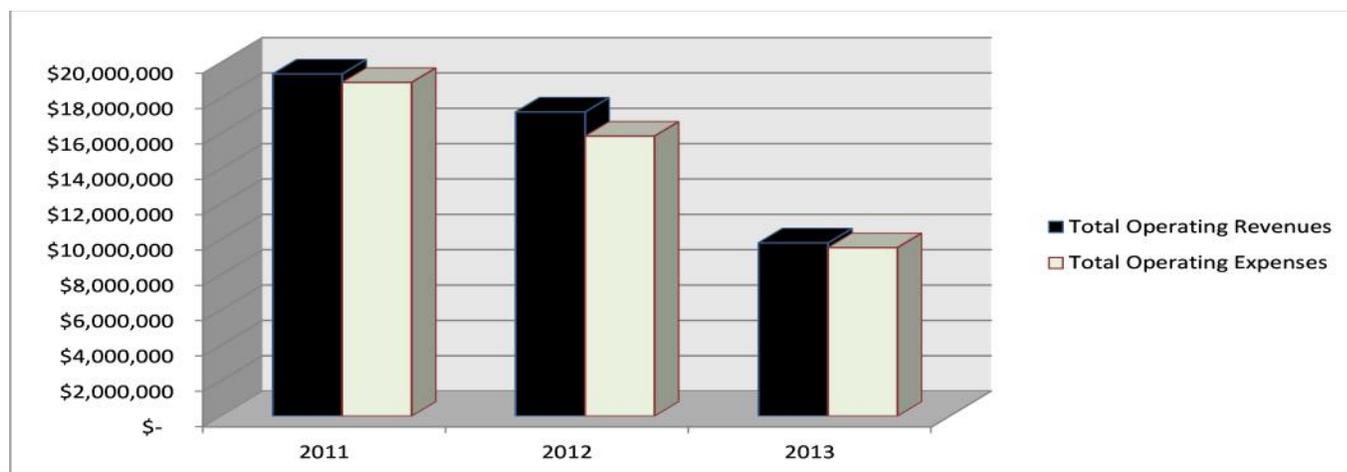

Statements of Revenues, Expenses, and Changes in Net Position (continued)

Operating expenses of \$15,841,597 in 2012 decreased \$(3,037,104) or (16.09)% when compared to the 2011 prior year. The decrease came primarily from a reduction in other operating expenses of \$(1,941,721), compensation and employee benefits of \$(755,360) and supplies and materials of \$(241,095) affected primarily by the reduction of federal grant and contract activities.

The following table summarizes the operating expenses of CIED for the last three years:

Operating expenses	2011	2012	2013
Compensation and employee benefits	\$ 13,172,657	\$ 12,417,297	\$ 6,835,269
Contractual services	1,810,100	1,752,761	969,140
Supplies and materials	349,773	108,678	135,209
Utilities	22,833	23,712	24,341
Communication	70,274	47,110	30,443
Other operating expenses	3,315,591	1,373,870	1,493,163
Depreciation expense	<u>137,473</u>	<u>118,169</u>	<u>20,513</u>
Total operating expenses	<u>\$ 18,878,701</u>	<u>\$ 15,841,597</u>	<u>\$ 9,508,078</u>

It is important to understand the relationship of grants & contracts to the operating revenue and expenses of CIED. Since 2011 Grant and Contract revenue has accounted for 97.82% of the total operating revenue of CIED. Many of the operating expenses are also a result of these externally-funded projects. When revenues from these agreements decrease it is therefore logical to see a correlating decrease in the operating expenses of CIED. Since 2011 CIED has seen a sharp (48.9)% decrease in their Grants & Contracts Revenue and consequently operating expenses have decreased (49.64)% during this same period.

OSU Center for Innovation & Economic Development, Inc.

Management's Discussion & Analysis (unaudited)

Statements of Revenues, Expenses, and Changes in Net Position (continued)

Non-operating revenues/(expenses) of \$111,183 in 2013 increased \$768,782 or 116.91% when compared to 2012 prior year. Non-operating revenues/(expenses) of \$(657,599) in 2012 decreased \$(673,534) or (4226.76)% when compared to the 2011 prior year.

The following table summarizes the nonoperating revenues and expenses for CIED for the last three years:

Nonoperating revenues (expenses)	2011	2012	2013
Investment income (loss)	\$ 15,935	\$ (23,530)	\$ 33,684
Equity in gain (loss) of investees	-	(634,069)	136,524
Interest expense	-	-	(59,025)
Non-operating revenues/(expenses)	\$ 15,935	\$ (657,599)	\$ 111,183

Statements of Cash Flows

The final statement presented by CIED is the Statements of Cash Flows. The Statements of Cash Flows presents detailed information about the cash activity of the organization during the year. The statement is divided into four sections.

The first section deals with operating cash flows and shows the net cash used by the operating activities of CIED. The second section reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from investing activities. The third section deals with the cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital and related items. The fourth section reconciles the net cash used to the operating income or loss reflected on the Statements of Revenues, Expenses and Changes in Net Position.

	2011	2012	2013
Net cash provided by operating activities	\$ 683,630	\$ 1,931,343	\$ 1,209,174
Net cash used in investing activities	(1,414,604)	(655,773)	(2,776,412)
Net cash used in capital and related financing activities	(20,480)	-	(98,871)
Net (decrease) increase in cash and cash equivalents	(751,454)	1,275,570	(1,666,109)
Cash and cash equivalents, beginning of year	2,715,575	1,964,121	3,239,691
Cash and cash equivalents, end of year	\$ 1,964,121	\$ 3,239,691	\$ 1,573,582

In fiscal year 2013 the cash, end of year decreased by \$(1,666,109) or (51.43)% which represents a difference in net (decrease) in cash and cash equivalents from 2012 to 2013 of \$(2,941,679). The net decrease was generated by a decrease in net cash provided by operating activities of \$(722,169), an

OSU Center for Innovation & Economic Development, Inc. Management's Discussion & Analysis (unaudited)

Statements of Cash Flows (continued)

increase in net cash used by Investing activities of \$(2,120,639) and an increase in net cash used by Capital and related financing activities of \$(98,871).

In fiscal year 2012 the cash, end of year increased by \$1,275,570 or 64.94% which represents a difference in net (decrease) increase in cash and cash equivalents from 2011 to 2012 of \$2,027,024. The net increase was generated by an increase in net cash provided by operating activities of \$1,247,713, a decrease in cash used by investing activities of \$758,831 and a decrease in net cash used by capital and related financing activities of \$20,480.

Economic Outlook

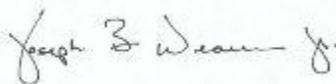

CIED is an integral component unit of Oklahoma State University and is reported as a blended component unit in the Oklahoma State University financial statements. CIED receives and administers funds from Federal, State and Private sources for the purpose of carrying out the educational, research and outreach programs of the General University. In fiscal year 2013, CIED experienced a (43.70)% decrease in the total grant and contract revenue from fiscal year 2012, primarily from the completion a federal contract that began in 1999. This decrease in grant and contract revenue was offset by a (39.98)% decrease in operating expenses. Overall CIED experienced an increase in net position of \$364,362 for fiscal year 2013 increasing the organization's total net position to \$9,026,555.

Recent trends in federal funding have limited the availability of most directed appropriation to CIED as well as slowed their access to general federal awards for research and development. Though CIED has shifted some of its focus to economic development and technology transfer to recent years in order to expand revenue-producing opportunities, federally-sponsored projects continue to be the major source of revenue for the organization. To this point, NASA projects generated 70% of CIED's Federal grant revenue in fiscal year 2013.

The organization's leadership continues to review and explore new funding opportunities that will increase the organization's revenue while continuing to meet the mission of CIED as well as serve the advancement of Oklahoma State University. CIED continues to serve a special need within the University's sponsored program initiatives. With the organization's ability to manage classified governmental contracts, accept programs only available to 501(c)3 organizations, and its capacity to support "time and material" contracts, all of which are typically not available to the University extramural initiatives. The ability of CIED to aggressively pursue these types of contracts will be significant to the long term viability of the organization.

Report on the financial statements

We have audited the accompanying financial statements of Oklahoma State University Center for Innovation and Economic Development, Inc., (“CIED”), which comprise the statements of net position as of June 30, 2013 and 2012, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to CIED’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CIED’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Oklahoma State University Center for Innovation and Economic Development, Inc. as of June 30, 2013 and 2012, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Required supplementary information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages i to vi be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report, dated October 30, 2013, on our consideration of CIED's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CIED's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

June 30, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Oklahoma State University Center for Innovation and Economic Development, Inc. (“CIED”) is a nonprofit corporation founded in 1967, established to engage in research, extension and academic contractual arrangements for the benefit and advancement of Oklahoma State University (the “University”). CIED receives and administers funds from Federal and state organizations and from private sources for the purpose of carrying out the educational, research and economic development programs of the University.

Reporting Entity

The financial reporting entity, as defined by Governmental Accounting Standards Board (“GASB”) Statement No. 14, *The Financial Reporting Entity* and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of Oklahoma State University Center for Innovation and Economic Development, Inc. (“OSU CIED”), as the primary government, and the accounts of OSU-Enterprise Center, LLC (“OSU EC”), collectively referred to as “CIED”. OSU EC is an Oklahoma not-for-profit corporation which was formed on June 12, 2006 exclusively to support the activities, affairs and programs of OSU CIED. Accordingly, OSU EC has been reported as a blended component unit in the financial statements.

CIED is governed by a board of directors comprised primarily of management of the University. In addition, University employees and facilities are used for virtually all activities of CIED. Accordingly, CIED is a component unit of the University and is included in the financial statements of the University.

Financial Statement Presentation

CIED is an integral component unit of the University and, as such, the financial activity of CIED is combined with other University activity and reported in the University’s financial statements. Therefore, the financial statements of CIED have been presented consistent with the University’s financial statements rather than in accordance with the provisions of the Financial Accounting Standards Board’s (“FASB”) Statement No. 117, *Financial Statements of Not-for-Profit Organizations*.

As a component unit of the State of Oklahoma, the University (which includes CIED) presents its financial statements in accordance with requirements of GASB Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements and Management’s Discussion and Analysis for Public Colleges and Universities*. The financial statement presentation required by GASB No. 34 and No. 35 provides a comprehensive, entity-wide perspective of CIED’s assets, liabilities, net position, revenues, expenses, changes in net position and cash flows.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Accounting

For financial reporting purposes, CIED is considered a special-purpose government entity engaged only in business-type activities. Accordingly, CIED's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

As a component unit of the University, CIED has the option to apply all FASB pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. CIED has elected to not apply FASB pronouncements issued after the applicable date.

Cash Equivalents

CIED considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments

CIED accounts for its investments at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statements of revenues, expenses and changes in net position.

CIED accounts for its investment in Cowboy Technologies, LLC, a related party, in accordance with GASB Statement No. 39, *Determining whether Certain Organization Are Component Units*. This investment is valued using the equity method and changes in the equity valuation are reported as equity in income (loss) of investees in the statements of revenues, expenses, and changes in net position.

Accounts Receivable

Accounts receivable consist of amounts due from the Federal government, state and local governments or private sources in connection with reimbursement of allowable expenditures made pursuant to CIED's grants and contracts. Accounts receivable also include travel advances. Accounts receivable are recorded net of estimated uncollectible amounts.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, CIED's capitalization policy includes all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings and five to seven years for equipment.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Capital Assets - Continued

Costs incurred during construction of long-lived assets are recorded as construction in progress and are not depreciated until placed in service. CIED capitalizes interest as a component of capital assets constructed for its own use. In 2013 and 2012, there was no interest incurred for capital projects.

Unearned Revenues

Unearned revenues include amounts received for certain auxiliary and endowment activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences

The liability and expense incurred for employee vacation pay are recorded as accrued compensated absences in the statements of net position, and as a component of compensation and benefit expense in the statements of revenues, expenses and changes in net position.

Net Position

CIED's net position is classified as follows:

Invested in capital assets, net of related debt: This represents CIED's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net position - expendable: Restricted expendable net position includes resources in which CIED is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Unrestricted net position: Unrestricted net position represents resources derived from the recovery of facilities and administrative costs and services of auxiliary operations. These resources are used for transactions relating to the educational and general operations of CIED, and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, CIED's policy is to use prudent decision processes to determine which resources will be applied based on availability of funding, donor intent, and returns available from idle funds.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Income Taxes

CIED is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code for activities which relate to its exempt purpose. There were no unrelated business income taxes incurred in either 2013 or 2012. CIED believes that it has appropriate support for any tax positions taken, and as such does not have any uncertain tax positions that are material to the financial statements. Generally, CIED is no longer subject to income tax examination by federal, state or local tax authorities for years prior to fiscal year ended in 2010.

Classification of Revenues

CIED has classified its revenues as either operating or nonoperating according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as sales and services of auxiliary enterprises and most Federal, state and local grants and contracts.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as investment income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

New Pronouncements

In March 2012, GASB issued Statement No. 66, *Technical Corrections-2012-an amendment of GASB Statements No. 10 and No. 62*. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements. The provisions of the Statement are effective for financial statements for periods beginning after December 15, 2012. Earlier application is encouraged.

In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25*. The objective of this Statement is to improve financial reporting by state and local governmental pension plans. This Statement requires defined benefit pension plans to present two financial statements-a statement of fiduciary net position and a statement of changes in fiduciary net position. This Statement is effective for financial statements for fiscal years beginning after June 15, 2013. Earlier application is encouraged.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pension – an amendment of GASB Statement No. 27*. This Statement addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts that have certain characteristics. This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures. This Statement is effective for fiscal years beginning after June 15, 2014. Earlier application is encouraged.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term government combinations includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations. This Statement is effective for periods beginning after December 15, 2013 and should be applied on a prospective basis. Earlier application is encouraged.

In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This Statement specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. In addition, this Statement requires new information to be disclosed by governments that receive nonexchange financial guarantees. The provisions of this Statement are effective for reporting periods beginning after June 15, 2013. Earlier application is encouraged.

Management has not yet determined the effect, if any, of adoption of the new GASB statements for the financial statements.

NOTE 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents

At June 30, 2013 and 2012, the carrying amount of CIED's cash and cash equivalents was \$1,573,582 and \$3,239,691, respectively. These amounts consisted of deposits with the State Treasurer (\$1,023,439 and \$2,691,317), U.S. financial institutions (\$550,143 and \$547,465) and petty cash and change funds (\$0 and \$909).

The State Treasurer requires that all state funds are either insured by the Federal Deposit Insurance Corporation ("FDIC"), collateralized by securities held by the cognizant Federal Reserve Bank or invested in U.S. Government obligations. CIED's deposits with the State Treasurer are pooled with funds of other state agencies, and then in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the State's name.

CIED requires that balances on deposit with financial institutions be insured by the FDIC or collateralized by securities held by the cognizant Federal Reserve Bank, in CIED's name.

Center for Innovation and Economic Development, Inc.**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS - CONTINUED

Investments

Credit Risk. State law limits investments in obligations of state and local governments to the highest rating from at least one nationally recognized rating agency acceptable to the State Treasurer. Additionally, it is CIED's policy to limit its investments in municipal and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. As of June 30, 2013 and 2012, CIED's investments in municipal and corporate bonds were rated AAA by Standard & Poor's, and AAA by Moody's Investors Service.

	<u>2013</u>	<u>2012</u>
U.S. Government securities	\$ 6,623,840	\$ 4,929,691
Money funds	664,236	-
Equity securities (Note 10)	<u>581,409</u>	<u>-</u>
	<u>\$ 7,869,485</u>	<u>\$ 4,929,691</u>

Interest Rate Risk. CIED's investment policy does not specifically limit the investment portfolio to maturities of less than one year. CIED is responsible for determining the operating cash flow requirements and insure that adequate funds are available to service routine needs. In determining liquidity needs, the appropriate mix of short-term, intermediate and long-term investments will be evaluated. The University's Investment Committee and CIED's Board of Directors are responsible for evaluating investment performance. CIED's investments are categorized by maturity dates to reflect the fair values that are sensitive to changes in interest rates.

CIED's investment schedule by maturity date as of June 30, 2013 is as follows:

<u>Maturity Year Ending June 30</u>	<u>U.S. Government Securities</u>	<u>Total</u>
2014	\$ 1,756,245	\$ 1,756,245
2015	3,145,495	3,145,495
2016	-	-
2017	447,750	447,750

NOTE 6 - DUE TO OKLAHOMA STATE UNIVERSITY

The amount due to the University includes amounts owed to University colleges and departments in connection with certain CIED grants and contracts that have an overhead distribution that is allocated 40% to various colleges and departments of the University. The 40% earned for the University is recorded in working fund accounts and remains in these accounts until a transfer of funds is requested. The working funds amounts due to the University as of June 30, 2013 and 2012 are as follows:

	2013	2012
<i>Working Funds:</i>		
Education	\$ 656,962	\$ 393,214
Engineering	55,491	260,006
Agriculture	24,162	24,162

	\$ 2,473,643	\$ 1,947,914

NOTE 7 - UNEARNED REVENUE

Unearned revenue consists of the following at June 30:

	2013	2012
Grants and contracts	\$ 13,937	\$ 135
	\$ 13,937	\$ 135

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 8 – NOTES PAYABLE

A variable credit line was secured in December 2012 with UBS Financial Services Inc. The credit line is collateralized by the investments held at UBS Financial Services, Inc. and is payable on demand. The interest rate on the outstanding balance is 2% plus LIBOR and is accrued monthly. The entire credit line of \$5 million was drawn down at June 30, 2013.

NOTE 9 - RISK MANAGEMENT

Due to the diverse risk exposure of the University and its constituent agencies including CIED, the insurance portfolio contains a comprehensive variety of coverage. Oklahoma Statutes require participation of all State agencies in basic tort, educator's legal liability, property and casualty programs, and fidelity bonding provided by the State of Oklahoma Department of Central Services Risk Management Division (the "SRMD"). In addition to these basic policies, the University's Department of Risk and Property Management establishes enterprise risk management guidelines for risk assessment, risk avoidance, risk acceptance and risk transfer

The University and individual employees are provided sovereign immunity when performing official business within the scope of their employment under the Oklahoma Governmental Tort Claims Act. For risks not protected by sovereign immunity, it is the internal policy of the University's Risk and Property Management department to accept initial risk in the form of retention or deductibles only to the extent that funds are available from the University's general operations to maintain this risk.

Beyond acceptable retention levels, risk transfer is practiced by purchasing conventional insurance coverage directly or through the SRMD. These coverages are outlined as follows:

- The buildings and contents are insured for replacement value. Each loss incident is subject to a \$500,000 deductible.
- Out-of-state and out-of-country comprehensive general liability, educator's legal liability including employment practices, auto liability, aircraft liability, watercraft liability, leased vehicles, equipment, and fidelity bonds are acquired by the University from the SRMD. To complement coverage provided by State Statute and to meet specific coverage requirements for special grants and/or contracts, additional coverage is purchased based on specific departmental and institutional needs and risks, but the related risks are not considered material to the University as a whole. Claim settlements have not exceeded insurance coverage in each of the past three fiscal years.

Self-Funded Programs

The University's life insurance program for the University and its constituent agencies including CIED, was self-funded through December 31, 2003. Effective January 1, 2004, life waivers for disabled employees and their dependents were all that remained in the self-funded plan. Reserves were established at the onset of disability to pay the claims. Effective January 1, 2004, the University's life coverage is handled through an insured plan.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 9 - RISK MANAGEMENT - CONTINUED

Self-Funded Programs - Continued

Through June 30, 1999, the University's health care programs were also self-funded. Effective July 1, 1999, the University terminated its self-insurance program, and participated in the State self-insurance program through December 31, 2007. Effective January 1, 2008, the University began participation in an insured program with BlueCross BlueShield of Oklahoma as the provider. The University believes that there is no exposure to pay run-off claims for the previous self-insured program at June 30, 2013.

The University's workers' compensation program is self-funded and is administered by a third party. The University maintains a cash deposit with the administrator and reimburses the administrator for claims paid and administrative expenses on a monthly basis. Benefits provided are prescribed by state law and include lump-sum payments for rated disabilities, in addition to medical expenses and a portion of salary loss resulting from a job-related injury or illness. The University records a liability for workers' compensation in its financial statements based on annual actuarial valuations.

The University's unemployment compensation insurance program is also self-funded. Unemployment benefits that separated employees receive are determined by Oklahoma Statutes and are administered by the Oklahoma Employment Security Commission ("OESC"). As a reimbursing employer, the University is billed quarterly by the OESC for benefits paid to former employees. The Board of Regents for the Oklahoma Agricultural and Mechanical Colleges requires that the University maintain a minimum of \$700,000 in reserve to cover claims. This minimum cash balance is considered each year during the rate-setting process.

NOTE 10 - RELATED PARTY TRANSACTIONS

A summary of related party transactions during the years ended June 30, 2013 and 2012, including a description of the relationship and operations are as follows:

Oklahoma State University

Nature of Relationship - CIED engages in research, extension and academic contractual arrangements for the benefit and advancement of the University. CIED receives and administers funds from Federal and state organizations and from private sources for the purpose of carrying out certain education and research programs of the University.

Description of Operations - CIED administers contracts with the National Aeronautics and Space Administration and the U.S. Department of Defense, among others. The University incurs certain overhead related expenditures on behalf of CIED in the administration of the contracts. In return, CIED allocates to the University colleges approximately 40% of the facilities and administrative costs recovered under these contracts. The amounts allocated during the years ended June 30, 2013 and 2012 totaled \$818,968 and \$1,301,041, respectively.

CIED allocated an additional \$250,000 to the University from the recovery of facilities and administrative costs during fiscal years 2013 and 2012.

Oklahoma State University
Center for Innovation and Economic Development, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2013 and 2012

NOTE 10 - RELATED PARTY TRANSACTIONS - CONTINUED

Cowboy Technologies, LLC

Nature of Relationship – CIED is the sole member of Cowboy Technologies LLC (“CT”), an Oklahoma for-profit limited liability company that engages in the development, marketing, and commercialization of intellectual property. CT is taxed as a corporation and its financials are not reflected on CIED or OSU financial statements.

Description of Operations – CT is an investment interest of CIED. Though directed by the CIED Board, CT’s day-to-day operations and fiscal decisions are under direction of a separate executive officer reporting to the CIED Board. The CIED Board has exclusive and complete authority and discretion to manage the operations and affairs of CT and to make any and all decisions regarding the business of CT. During the fiscal year ended June 30, 2013 and 2012, CIED made investments in CT of \$444,885 and \$634,069, respectively. At June 30, 2013 and 2012 CIED’s investment in CT is valued at \$581,409 and \$0, respectively.

OSU – University Multispectral Laboratories, L.L.C.

Nature of Relationship – OSU – University Multispectral Laboratories, L.L.C. (“OSU-UML”) is a nonprofit limited liability company founded for the purposes of research, development, testing, evaluation, validation, and verification of sensors and other technologies in support of the global war on terrorism, homeland security, and other related national security requirements for the benefit of the University.

Description of Operations – OSU-UML receives and administers funds from Federal and State organizations and from private sources for the purpose of carrying out certain research programs of the University. In December 2012, CIED loaned funds in the amount of \$5,000,000 to OSU-UML to fund operations and satisfy outstanding obligations. The loan is uncollateralized and payable on demand. The interest rate is 4% plus LIBOR on the outstanding principal balance and is accrued monthly.

NOTE 11 - COMMITMENTS AND CONTINGENT LIABILITIES

CIED participates in certain Federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes CIED has complied with grant requirements and that disallowances, if any, will not be material.

CIED utilizes certain office space and equipment under operating leases expiring in 2014. Rent expense under operating leases was \$53,786 and \$155,405 for the years ended June 30, 2013 and 2012, respectively.

The following is a schedule, by year, of future minimum lease payments under operating leases, together with the present value of the net minimum lease payments at June 30, 2013:

Fiscal year ending 2014	<u>\$ 22,500</u>
Total future lease payments	<u>\$ 22,500</u>

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Oklahoma State University Center for Innovation and Economic Development, Inc. (“CIED”) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise CIED’s basic financial statements, and have issued our report thereon dated October 30, 2013.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered CIED’s internal control over financial reporting (“internal control”) to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of CIED’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of CIED’s financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in CIED’s internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether CIED's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CIED's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CIED's internal control and compliance. Accordingly, this report is not suitable for any other purpose.
